

In 1969, a small group of pilot friends flew to the Bahamas to build a church for a congregation in need. The project sparked a revolution, and the basis for a short-term missions organization was born. Today, Maranatha Volunteers International mobilizes more than 2,200 people to over a dozen countries each year. Through the support of faithful volunteers and generous donors, we have built thousands of churches, schools, and other urgently needed structures in nearly 90 countries around the world.

The impact of Maranatha's mission is two-fold as we provide desperately needed buildings while also offering opportunities for ordinary people to make service an important part of their lives.

The work of Maranatha is also a response to the Gospel Commission. By building churches and schools, we create opportunities for people to spread the Gospel by building spaces where His love can shine.

BUILDING LIVES THROUGH CONSTRUCTION

YOU CAN SUPPORT THE MISSION!

As a non-profit organization, Maranatha relies on the support of volunteers and donors to fulfill our mission to provide urgently needed buildings around the world. Here are some ways you can help Maranatha.

Give Churches You can help to provide places of worship by donating for the construction of churches. Maranatha provides a variety of structures at a range of costs, depending on location. Make a gift or sponsor a church, starting at \$7,500.

Give Schools Education is a powerful tool for change in a community. It also introduces people to the Gospel. Maranatha builds classrooms, multi-classroom buildings, and entire campuses. Make a gift or call to learn how you can sponsor a building.

Give Water Maranatha's water program provides wells in areas without access to clean water. Currently, we are drilling in Kenya, India, and Brazil, where a single well can serve anywhere from 500-5,000 people. Make a gift for water or sponsor a well, starting at \$10,000.

Give Time People interested in service can volunteer with Maranatha in two ways. The first is by joining a project that Maranatha organizes in full. The second way is by recruiting your own team and having Maranatha help with the details. We'll locate a country site, assign a project, help you with lodging and food, and share our in-country staff as a resource during the trip.
