

A fun and easy way for kids to learn about missions.

Hello Parents,

This week, travel with us to the Caribbean and the island of Dominica. In 2017, Hurricane Maria, a category 5 hurricane, slammed into this small nation, leaving a wake of destruction. Forests were flattened, homes were leveled, and houses of worship were gone.

Your kids will not only see how a natural disaster impacts daily life, but consider the spiritual effects of having no church to gather in.

Pre-video Discussion Questions

- What is the biggest storm you've been in? What was it like?

VIDEO

In today's video, you'll see how a huge storm impacted the small island of Dominica.

Post-video Discussion Questions

- How would you feel if you woke up one morning and your church was gone?
- Why was it important that Maranatha rebuild Jeff's church?
- Sometimes bad things happen, but it's important that we do whatever we can to help. Are there any bad things that have happened recently to anyone you know? How could you help?

Prayer Points

- People who have lost their church because of a storm, fire, or earthquake.
- People who have had bad things happen to them recently.
- Ask kids what they would add to the prayer list.

Did You Know?

- Dominica is known as the "Nature Isle of the Caribbean" for its abundance of plants and animals. It has lush rainforests and many rare plants, animals, and bird species.
