

A fun and easy way for kids to learn about missions.

Hello Parents,

This week, we're going to the African nation of Zambia to meet Eddie Himoonde, a pastor that shepherds 55 congregations! For years, he has traveled to each of his churches that are spread out over 125 miles, without any transportation. See how he makes it to each of his churches and how Maranatha is helping improve conditions for Eddie and his members.

Pre-video Discussion Questions

- Where is the furthest away from home that you have gone to church?
- How many miles do you live from your church, and how long would it take you to walk there? (Get help from an adult)

VIDEO

In today's video, meet Eddie Himoonde, a pastor in Zambia that cares for 55 congregations.

Post-video Discussion Questions

- Many of Pastor Eddie's congregations don't have a nice place to worship. Why do you think that makes it harder for church members to invite their neighbors?
- Maranatha's One-Day Church may not seem that remarkable. But why is it actually a very special thing?
- Although your fellow church members may not be spread out as far as Pastor Eddie's, are there a few church members you could virtually visit during this COVID-19 pandemic? How could you brighten their day?

Prayer Points

- Pastor Eddie as he makes his way from church to church each week.
- Other pastors in charge of many congregations that don't have a proper church.
- Ask kids what they would add to the prayer list.

Did You Know?

- The official language of Zambia is English.
- Zambia is home to the world-famous Victoria Falls, the largest waterfall in the world. It is neither the highest nor the widest in the world, but its combined width (5,604 ft) and height (354 ft) makes it the "largest."
