

A fun and easy way for kids to learn about missions.

Hello Parents,

If you've been watching Maranatha Kids! over the past few months, you may remember the story of Maleton, a Maasai girl in Kenya who escaped child marriage. Maleton was brought to the Kajjado Adventist School and Rescue Center, which became her new home.

The school's facilities were inadequate, so over the past couple of years, Maranatha has been constructing new dorms, bathrooms, and classrooms. One of the other great needs was water. There was a well on campus but it was broken, and purchasing water was too expensive.

Maranatha commissioned a geology report of the school's property, but it projected only a slight chance of water being found. The decision was made to try anyway, and the next day something miraculous happened.

As your kids watch this story, we hope they will reflect on how others live without water and the power that comes with prayer.

### Pre-video Discussion Questions

- If none of your sinks or showers worked, where would you get water for your house?
- What would happen if you weren't able to shower for a week?

### VIDEO

In today's video, watch how God worked a miracle at the Kajjado Adventist School and Rescue Center.

### Post-video Discussion Questions

- What is a miracle?
- Have you ever seen or experienced a miracle?
- Do you think God always answers our prayers the way we want? Why not?
- Why is praying a good idea when we have a problem?

Continued on next page>>

### **Prayer Points**

- Schools around the world that don't have clean water.
- Ask kids what they would add to the prayer list.

### **Did You Know?**

- Maranatha drills wells in Kenya that are sometimes nearly 900 feet deep! That's about three football fields under the ground.
