

Cañon City Adventist Church Project

Information Packet

Location: Cañon City, Colorado, USA

Dates: Aug 15-27, 2021

(arrival date, Aug 15 and departure date, Aug 27)

Maranatha Volunteers International is a nonprofit, Christian organization focused on providing churches, schools, and water wells around the world. A portion of the projects utilize volunteers on short-term mission trips to complete the work. Annually, we mobilize more than 2,000 volunteers to assist with various service opportunities and partner with thousands of donors to fundraise for international projects. Maranatha's mission is to spread the Gospel throughout the world as we build people through the construction of urgently-needed buildings.

In North America, Maranatha aids by recruiting and organizing volunteer labor for construction and renovations projects at schools, churches, and camps.

The Cañon City project is one of our many efforts based in North America.

Project Overview

The Cañon City Adventist Church is requesting assistance with their fellowship hall, which was build in the early 1980's.

Volunteers will assist with the remodel of the fellowship hall, kitchen and bathroom. This includes the removal of existing paneling, texturing and painting the underlying sheet rock, replacing trim around windows and doors, as well as building storage cabinets. There will also be 3,000 square ft of vinyl plank flooring installation.

Project Coordinator: Sadie Torrez

Construction Superintendent: Danny Poljak

Local Contact: John Davidson

Accommodations

There is space for 25 volunteers on this project. Volunteers who request housing will be hosted by local church member. There are also several RV parking spots on site with partial hookups available for those wishing to bring their RV. If housing is limited, priority will be given to volunteers who can participate the entire length of the project.

Expenses

The only costs to volunteers are the travel expenses to and from Cañon City. Three vegetarian meals a day, accident insurance, and local housing are provided by the Fulton Missouri in exchange for your volunteer labor.

Allergies and Dietary Restrictions

Maranatha provides three vegetarian meals each day. We ask for your allergies on your registration form, and we will do our best to accommodate your needs. However, we cannot meet all special requests. If your diet is restrictive (vegan, gluten-free, etc.) we recommend that you bring items such as soy milk powder, gluten-free bread, etc. to supplement the meals provided by the cooks.

About Cañon City, Colorado

Cañon City, Colorado, is known for its public parks and significant paleontological sites, including the National Natural Landmark-designated Garden Park Fossil Area. Other major attractions include the Royal Gorge Railroad, which offers scenic excursions along one of the United States' most beautiful historic railroad routes.

Attractions

Volunteers may choose to arrive early or leave a few days after the project concludes in order to appreciate local sights and activities. Volunteers are responsible for making their own arrangements, including food and lodging, for all days outside of the project dates.

Weather

Average temperatures for Cañon City during August average in the high 80's to low 60's Fahrenheit but plan for just about any type of weather. Of course, current weather conditions can change at any time, so we recommend that you check the 10-day forecast before leaving to ensure that you are prepared for the most current weather conditions in Cañon City.

Travel Information

Flights

Once you have registered and been confirmed, if you are flying to the project, please plan to arrive on:

Arrival

Please plan to arrive in Colorado Springs Airport (airport code COS) in the morning or afternoon of August 15.

Departure

Please plan to depart from Colorado Springs Airport (airport code COS) in the morning or afternoon of August 27.

The airport is about a 45 minute drive from project site. Please book flights that come in before 6 p.m. on the arrival date. If you need to fly in later, please check with the Maranatha office to confirm that your arrival time can be accommodated. Please send your itinerary to volunteer@maranatha.org so pick up arrangements can be made.

If you will be leaving before the project end date, please be aware that you may be responsible for arranging your own transportation back to the airport. Please send your itinerary to volunteer@maranatha.org so pick up arrangements can be made.

AIG Insurance Coverage

Maranatha mission projects are construction projects where people can get hurt. It is not possible for Maranatha to analyze everyone's insurance policy to see whether his or her insurance is current and the coverage is in effect at the location of the project. The Maranatha Board of Directors decided that the safest route was to require everyone to be covered by the insurance coverage through Maranatha's carrier. For projects taking place in North America, the cost of this is covered by the hosting organization.

All volunteers will be covered by this insurance policy from the time they depart for the project until they return home. For volunteers who have extended travel by arriving before or staying after a project, the insurance would start and end on the Maranatha project dates based on the project application.

Insurance coverage depends on location of the project and home residency of the volunteer. Both policies are primary policies that do not have a deductible. As with all insurances, exclusions apply. An insurance brochure with the policy information and list of benefits will be sent to you in the confirmation email for this project.

Safety

Maranatha has a very high safety record on the worksite. This is, in part, because we require everyone on the construction site to wear a hard hat and gloves at all times. Please also wear appropriate safety equipment for the work tasks and wear sturdy shoes. Exercise caution while working on the construction site and be careful when working on or around ladders or scaffolding.

Maranatha requires that every volunteer have a current Tetanus vaccine (within the last 10 years).

Altitude Sickness

Many parts of the country are located above 8,000 feet above sea level. Canon City sits at 5,331'. These high altitudes puts those visiting these parts of the country at risk for altitude sickness.

Symptoms of altitude sickness range from mild cases of headache, dizziness, shortness of breath, and nausea to more severe cases of extreme fatigue and cerebral or pulmonary edema. Certain medications and preexisting medical conditions including lung or heart disease, asthma, diabetes, and pregnancy can put you at a higher risk for altitude sickness. However, even otherwise healthy individuals can feel mild symptoms due to the lack of oxygen. Symptoms that do not improve could require evacuation to a lower elevation. The best course of action is to take it easy and not over exert in the first few days. Visitors should discuss the trip with their personal physician prior to departing.

Thank you for putting safety first!

Registration

To register, please complete the online application at maranatha.org, or call to register over the phone. 25 volunteers can be accommodated on this project. Please wait for confirmation from Maranatha before making travel plans.
