PROJECT OVERVIEW

Emmanuel Adventist Secondary School

The Emmanuel Adventist Secondary School was opened in 2011 in Chisamba. In 2019, a fire damaged one of the girls' dorms and the assistance request came to Maranatha. Ultimately, the dorm was repaired using insurance funds; however, Maranatha agreed to build additional classrooms and dormitories on campus to accommodate more students and provide space for future growth. In 2020, Maranatha drilled a well on campus as well as built six classrooms and a new girls dorm and bathroom. The school currently has 327 students in grades 8-12, but there is still a big need for infrastructure on campus including a new boy's dorm, an administration building, and meeting hall.

Construction: Volunteers will lay block walls for new staff housing duplexes.

Outreach: Oftentimes the local churches and schools enjoy when visitors put on programs for the children or health education initiatives. If we have enough volunteers and people with an interest in these areas, we can add this to the job scope.

*Outreach activities will be dependent on any local COVID-19 restrictions or recommendations in this region of Zambia at the time

Accommodations

Our group will stay at The Fringilla Lodge, near Chisamba. Volunteers will gather for meals and worship in one of the meeting halls at the hotel.

COVID-19

Maranatha is moving forward with this project as detailed below; however, changes can occur as countries are still adapting to various restrictions due to COVID. If you are planning on participating, please go ahead and register. However, you may consider waiting to book flight itineraries or choose to purchase additional flight insurance to minimize the potential risk if this trip is unable to take place as planned. We will update you if the status of this project changes.

MARANATHA IN ZAMBIA

Maranatha is a responsive organization that works with the Seventh-day Adventist Church; all efforts are by invitation from local leadership.

Zambia has one of the largest memberships of Seventh-day Adventists with more than 1.17 million members. Maranatha has worked in Zambia since 2009 and received thousands of requests for churches and schools. Maranatha has drilled wells and built several large educational campuses as well as churches and Sabbath school classrooms throughout the country.

Individuals should plan on staying in double occupancy rooms with a roommate. If you would like to room with someone in particular, please let us know prior to the final deadline of the project. Volunteers wishing to stay in a private room can upgrade to a single room for \$200 per person. Please contact Maranatha to make these arrangements prior to the final deadline.

Excursions

Maranatha projects often include a short excursion and may also offer an extended excursion as an optional add-on. If you choose to go on an excursion without Maranatha, please schedule them for before or after the project dates so you won't miss out on any of the Maranatha experience.

Included Excursion - Game Farm

One afternoon the group will end work a little early, and on the way back to the hotel, they'll make a stop to visit a privately owned game farm. There are more than ten different species of African animals including zebra, impala, warthog, eland, and kudu. After driving through to see the animals, the group will enjoy a picnic dinner at the covered lodge before returning to the hotel that evening.

Optional Excursion - Lower Zambezi National Park - \$625

Lower Zambezi National Park is located a few hours east of Lusaka, on the banks of the Zambezi river. Visitors can often see elephant, buffalo, crocodile, hippopotamus, and many antelope species. Lucky visitors can also spot lions and leopards.

This excursion is an additional \$625 per person. The fee covers double-occupancy accommodations, all meals, ground transportation, insurance, entrance fees, and tour guides. Single occupancy rooms are available for an additional \$80 per person.

ABOUT ZAMBIA

- Zambia is a landlocked country, slightly larger than Texas, located in southern Africa.
- In the 1800s, the region was explored by the famous Scottish explorer and missionary, Dr. David Livingstone. The Zambian town of Livingstone is named in his honor.
- Dr. Livingstone was the first European to see the huge waterfalls on the Zambezi River; he named them Victoria Falls in honor of Queen Victoria of Britain.
- Zambia was part of the British colony, Rhodesia, from 1911 until 1963, when Zambia gained independence.
- Zambia is very ethnically diverse and has more than 70 tribal groups.
- During the 1920s, the country experienced rapid urban growth due to the expansion of copper mining in the north.
- There are several protected reserves and national parks where at least 242 mammal species can be found.

Foreign Cash

Zambia uses the kwacha and has an exchange rate of approximately 20 kwachas to 1 U.S. dollar (May 2021). This exchange can be made at the airport, or the project coordinator can also exchange money for you at a flat rate in increments of \$10. Many countries offer better exchange rates for larger bills (\$50s and 100s), so if you bring small bills you may get a different exchange rate. Any cash you bring should be in new, unmarked, and untornd bills.

While some establishments accept credit and debit cards, most small shops only accept cash. It is wise to let your credit card company know the dates you will be traveling so they don't block your card.

Tipping

Your project coordinator will tip the guides on group excursions. If you feel like someone (guide, hotel staff, etc) has provided excellent service during your trip, you are more than welcome to show your gratitude with additional tips. If you have any questions during the project about whether or not tipping would be appropriate, your project coordinator or Maranatha in-country support staff can help you understand the local culture.

Electricity

- **Current:** 220-240 volt AC
- **Outlet:** Type G

Non-dual-voltage appliances will need a voltage converter in addition to the plug adapter.

ESTIMATE OF ADDITIONAL COSTS

- International Flights: \$1,100-1,800
- Entrance Visa: \$50
- Passport: \$130 or \$110 for renewal

Weather

Weather patterns can change suddenly. Check the 10-day forecast for the project area before traveling.

Chisamba | Expect temperatures in the mid to upper 80s during the day and dipping into the 60s at night.

Lower Zambezi National Park | On the safari excursion, expect slightly warmer temperatures hitting the mid 90s and only cooling to the 70s at night.

Entry Requirements

Below are the requirements for U.S. and Canadian citizens. If you hold a passport from another country, please consult the Zambian embassy or consulate in your home country for entrance requirements.

Passport | All passports must be valid for at least six months from the dates of intended travel (March 7, 2022). If you do not have a passport, U.S. citizens can apply at any U.S. post office or online at <http://travel.state.gov>. Canadian citizens can apply online at www.passport.gc.ca. It can take up to two months to complete the entire process, so plan accordingly to give yourself enough time to receive your passport.

Visa | Visitors must also purchase a tourist visa upon arrival in Zambia. Single entry visas are \$50 per person.

Yellow Fever | Currently, proof of yellow fever vaccine is not required to enter Zambia unless you're coming from a country with risk of yellow fever transmission.

COVID Requirements | As of May 2021, U.S. and Canadian travelers to Zambia must complete the following requirements. These requirements could change at any time. Volunteers should check with their airline for airline-specific requirements, research requirements of transit countries, and should also be aware of their state, county, and country COVID requirements for their return home. Updated information will be sent to volunteers closer to the project.

- Negative COVID-19 PCR test results dated within 72 hours of arrival in Zambia.
- Symptom and temperature screening upon arrival.
- Negative COVID-19 PCR test 72 hours prior to travel home from Zambia.
- Mask usage in airports and public locations.

Traveling With Minors

Birth Certificate | In an effort to prevent child-trafficking, some hotels and airports require proof of parent-child relationships, even if your child is a teenager. Maranatha recommends guardians bring a copy of their child's birth certificate and any other documents (guardianship papers etc.) to answer these questions.

Parental Consent Form | If a legal minor (under the age of 18 on the date you depart) is traveling without both parents or legal guardians, Maranatha requires a parental consent form. This form confirms that both guardians have consented to their child leaving the country with an appointed person and Maranatha. It also gives Maranatha permission to treat the child medically in case of an emergency.

You can find this form online at www.maranatha.org/resources. Mail one notarized original to Maranatha and keep another notarized original with you as you travel. The form will ask for two appointees. The first will be the guardian traveling with the minor. The other will be Susan Woods, Maranatha's project coordinator.

Special Circumstances

- **Divorced Parents:** Both parents must still sign the form. If one parent has sole legal and physical custody, provide a copy of the divorce decree stating such.
- **Deceased Parent:** Provide copy of death certificate.
- **Legal Guardians:** Provide a copy of guardianship paperwork.
- **Other Situations:** Contact Maranatha for guidance.

Luggage Considerations

Please check with your airline or travel agent for luggage weight and piece allowances for each portion of your itinerary. In addition to your checked bags, airlines usually allow one carry-on item, as well as a personal item such as a purse or small day pack. However, each airline is different, so read through your airline's baggage policy before you head to the airport.

Sometimes bags are delayed, so please bring your personal medications and a day's worth of clothes and toiletries in your carry-on luggage, just in case. We recommend that you keep your carry-on luggage with you; do not "gate-check" your bags, especially if the bags have electronics or camera gear.

HEALTH AND SAFETY

Travel Safety

Understanding the culture and educating yourself about travel in Zambia is the best way to keep safe. Below are a few tips for you to consider.

- Leave valuables (expensive or sentimental) at home.
- Dress conservatively; a flashy wardrobe attracts more attention.
- Use a money belt or concealed pouch for passports and cash. Watch your wallet.
- Don't leave valuables unattended in open sight.
- Avoid marginal areas of cities, dark alleys, and crowds. Use caution and keep moving if strangers, including vendors, approach you on the street.
- Don't travel alone or at night.

Worksite Safety

Maranatha has a very high safety record on the worksite. The safety equipment you'll need will depend on the project scope and what job you do (see packing list). Hard hats and closed-toe shoes are required on all job sites.

Short Term Travel Insurance

All volunteers will be covered by a short-term insurance policy from the time they leave their home country until the time they arrive back in their home country. The policy does not have a deductible and covers accidents and illnesses. As with all insurances, some exclusions apply. Maranatha does not carry or maintain health, medical, workers compensation, or disability insurance coverage. The coverage amounts and details can be found at www.maranatha.org/insurance.

For volunteers extending their travel before or after a project, the insurance will start and end with the Maranatha project dates. If you would like to extend your coverage for your extra travel at your own expense, contact Maranatha.

You will receive a brochure, prior to your project, listing the policy number and contact information should you need assistance during your travel.

Medical Recommendations

While Maranatha does everything in our power to ensure the safety of our volunteers, it is also advisable to do your own research when it comes to the medical precautions. We recommend that you schedule a consultation with your physician or a travel clinic to discuss the medical risks in Zambia and the ways to minimize them. If at any time during the project you start to feel sick, speak with the project medical professional and the project leader as soon as possible.

COVID-19 and Other Viruses

When traveling, you may be exposed to viruses, such as the recent COVID-19 virus. We recommend a few simple tips to minimize your risk. Depending on the situation when this project takes place, some of these precautions (such as mask usage in certain situations) may be required during the project.

- Practice physical distancing by keeping a distance of 6 feet between you and others when possible.
- Wear a face covering over your nose and mouth.
- Avoid close contact with people who are sick.
- Wash your hands often, with soap and water, for at least 20 seconds.
- If you don't have access to soap and water, use hand sanitizer with at least 60 percent alcohol, rubbing your hands until dry.
- Avoid touching your face, especially your eyes, nose, and mouth.
- Clean and disinfect frequently touched surfaces using disinfectant wipes.
- Wash your hands after shaking hands with others or handling cash.
- Get adequate sleep.
- Drink plenty of purified water.
- Try to eat a well-balanced diet, avoiding sugar.

Malaria

According to the Centers for Disease Control and Prevention (CDC), most locations in Zambia are considered to be at risk for malaria. There are different oral medications that can lower your risk of contracting malaria. You will need a prescription and each has different side effects and dosages, so speak with a doctor. Please note that the malaria strain present in Zambia is chloroquine-resistant.

Mosquitos and Other Insects

Mosquitos and other flying insects can carry a variety of diseases including malaria, chikungunya, zika, and dengue. Personal precautions are strongly recommended to lower the risk of being bitten.

- Use a bug repellent with a 30-50 percent concentration of DEET.
- Wear long sleeves, long pants, and closed-toe shoes when possible.
- Avoid areas of standing water.
- Avoid spending a lot of time outside during dusk and dawn.
- Sleep with a mosquito net when possible.

Food and Water

Food and water safety standards vary greatly from country to country, and we recommend that you exercise caution with the food and water you consume while abroad. Maranatha will provide purified water, but please bring your own reusable water bottle to refill from the large containers.

- Eat only food provided by Maranatha.
- Purchase only commercially packaged snacks, not from street stands.
- Drink only purified water and sealed juices and sodas.
- Do not drink items with ice cubes.
- Do not brush your teeth with tap water, use purified water.

Allergies and Dietary Restrictions

Maranatha provides three vegetarian meals each day. We ask for your allergies on your registration form and will do our best to accommodate your needs. However, on large projects especially, it is harder for our cooks to accommodate special requests. If your diet is very restrictive (vegan, gluten free, etc) we recommend that you bring items such as soy milk powder, gluten-free bread, etc. to supplement the meals provided by the cooks.

ADDITIONAL INFORMATION

Cultural Sensitivity

It's important to enter another culture with respect and understanding of their traditions. Women in Zambia are usually expected to dress and act more modestly than what is sometimes seen in North America.

Cultural sensitivity also means we will respect Adventist culture in Zambia. Adventists in Zambia tend to be more conservative than Adventists in the United States and Canada. During the project, we will be sensitive to this by dressing as modestly as possible. Pants and cap sleeves are preferred to shorts and tank tops. For church activities, women will need to have skirts that reach past the knees, and men are expected to wear ties if they are involved in the activities on the platform. Another option is to purchase and wear local attire like the church members wear on Sabbaths. The locals will greatly appreciate the gesture.

Maranatha Lifestyle

Each mission trip is a unique experience, and during the project, there is a great need for flexibility. Volunteers on Maranatha projects come from a variety of backgrounds and lifestyles. As we all become one big family for two weeks, we will need to refrain from some of our personal desires and freedoms and adopt the lifestyle of the group.

On all of our projects we ask that volunteers refrain from using alcohol, tobacco, marijuana or other non-prescription drugs during the trip.

Maranatha projects are open to individuals of all faith backgrounds and we ask that all volunteers come into the project with an attitude of respect towards one another. On Maranatha projects, worship services are held on Sabbath (Saturday), and we ask all volunteers to participate in the experience with the group. While we do our best to make provisions to avoid extensive travel or utilizing restaurants on Sabbath, sometimes it is hard to avoid. Please be aware of this and if you have any questions, please speak with your project coordinator.
