Location: Liberty, TN

Dates: March 15 – 29, 2023

(arrival date is Mar. 15 and departure date is Mar. 29)

Maranatha Volunteers International is a nonprofit, Christian organization focused on providing churches, schools, and water wells around the world. A portion of the projects utilize volunteers on short-term mission trips to complete the work. Annually, we mobilize more than 2,000 volunteers to assist with various service opportunities and partner with thousands of donors to fundraise for international projects. Maranatha's mission is to spread the Gospel throughout the world as we build people through the construction of urgently-needed buildings.

In North America, Maranatha aids by recruiting and organizing volunteer labor for construction and renovations projects at schools, churches, and camps.

The Indian Creek Camp project is one of our many efforts based in North America.

Project Overview

The camp would like to make some changes to their existing building to create a larger space for a popular activity. Every summer family camp offers ceramics and it fills up fast because the room is small. Plans consist of converting the super science building into a new ceramic building and their shop will be converted into the new super science building. Volunteers on this project will assist with the renovations that include new floors, ceiling and some electrical work, as well as an addition and some outdoor painting and deck repairs.

Allergies and Dietary Restrictions

Maranatha provides three vegetarian meals each day. We ask for your allergies on your registration form, and we will do our best to accommodate your needs. However, we cannot meet all special requests. If your diet is restrictive (vegan, gluten-free, etc.) we recommend that you bring items such as soy milk powder, gluten-free bread, etc. to supplement the meals provided by the cooks.

Liberty, Tennessee

There are several local attractions not far from the camp: Fall Creek Falls, Nashville and Chattanooga.

Attractions

Volunteers may choose to arrive early or leave a few days after the project concludes in order to appreciate local sights and activities. Volunteers are responsible for making their own arrangements, including food and lodging, for all days outside of the project dates.

Weather

Average temperatures for Liberty during March average in the low 60's to low 40's Fahrenheit but plan for just about any type of weather. Rainstorms can happen so pack rain gear and a warm jacket, just in case. Of course, current weather conditions can change at any time, so we recommend that you check the 10-day forecast before leaving to ensure that you are prepared for the most current weather conditions in Liberty, Tennessee.

AIG Insurance Coverage

Maranatha mission projects are construction projects where people can get hurt. It is not possible for Maranatha to analyze everyone's insurance policy to see whether his or her insurance is current and the coverage is in effect at the location of the project. The Maranatha Board of Directors decided that the safest route was to require everyone to be covered by the insurance coverage through Maranatha's carrier. For projects taking place in North America, the cost of this is covered by the hosting organization.

All volunteers will be covered by this insurance policy from the time they depart for the project until they return home. For volunteers who have extended travel by arriving before or staying after a project, the insurance would start and end on the Maranatha project dates based on the project application.

Insurance coverage depends on location of the project and home residency of the volunteer. Both policies are primary policies that do not have a deductible. As with all insurances, exclusions apply. An insurance brochure with the policy information and list of benefits will be sent to you in the confirmation email for this project.

Safety

Maranatha has a very high safety record on the worksite. This is, in part, because we require everyone on the construction site to wear a hard hat and gloves at all times. Please also wear appropriate safety equipment for the work tasks and wear sturdy shoes. Exercise caution while working on the construction site and be careful when working on or around ladders or scaffolding.

Thank you for putting safety first!

Registration

To register, please complete the online application at maranatha.org, or call to register over the phone. 50 volunteers can be accommodated on this project. Please wait for confirmation from Maranatha before making travel plans.
