

# Project Patch Project

## Information Packet

**Location:** Garden Valley, Idaho, USA

**Dates:** May 17 – June 2, 2023

(arrival date is May 17 and departure date is June 2)

Maranatha Volunteers International is a nonprofit, Christian organization focused on providing churches, schools, and water wells around the world. A portion of the projects utilize volunteers on short-term mission trips to complete the work. Annually, we mobilize more than 2,000 volunteers to assist with various service opportunities and partner with thousands of donors to fundraise for international projects. Maranatha's mission is to spread the Gospel throughout the world as we build people through the construction of urgently-needed buildings.

In North America, Maranatha aids by recruiting and organizing volunteer labor for construction and renovations projects at schools, churches, and camps.

The Project Patch project is one of our many efforts based in North America.

## Project Overview

Project Patch is passionately committed to restoring hope to teens, building thriving families, and empowering supportive communities by operating several youth programs.

Maranatha Volunteers International and Project Patch have a long relationship, which began in the early 1990s. The campus is now 30 years old and it has a few projects they have requested help with. Volunteers will help with siding, trim, caulking, painting and flooring.

Due to the nature of this school and the community it serves, we are only accepting adults and a background check will be required, complimentary of the school.

## AIG Insurance Coverage

Maranatha mission projects are construction projects where people can get hurt. It is not possible for Maranatha to analyze everyone's insurance policy to see whether his or her insurance is current and the coverage is in effect at the location of the project. The Maranatha Board of Directors decided that the safest route was to require everyone to be covered by the insurance coverage through Maranatha's carrier. For projects taking place in North America, the cost of this is covered by the hosting organization.

All volunteers will be covered by this insurance policy from the time they depart for the project until they return home. For volunteers who have extended travel by arriving before or staying after a project, the insurance would start and end on the Maranatha project dates based on the project application.

Insurance coverage depends on location of the project and home residency of the volunteer. Both policies are primary policies that do not have a deductible. As with all insurances, exclusions apply. An insurance brochure with the policy information and list of benefits will be sent to you in the confirmation email for this project.

## Safety

Maranatha has a very high safety record on the worksite. This is, in part, because we require everyone on the construction site to wear a hard hat and gloves at all times. Please also wear appropriate safety equipment for the work tasks and wear sturdy shoes. Exercise caution while working on the construction site and be careful when working on or around ladders or scaffolding.

Maranatha requires that every volunteer have a current Tetanus vaccine (within the last 10 years).

Thank you for putting safety first!
