Maranatha Volunteers International is a nonprofit, Christian organization focused on providing churches, schools, and water wells around the world. A portion of the projects utilize volunteers on short-term mission trips to complete the work. Annually, we mobilize more than 2,000 volunteers to assist with various service opportunities and partner with thousands of donors to fundraise for international projects. Maranatha's mission is to spread the Gospel throughout the world as we build people through the construction of urgently-needed buildings.

In North America, Maranatha aids by recruiting and organizing volunteer labor for construction and renovations projects at schools, churches, and camps.

The Walla Walla University (WA) Project is one of our many efforts based in North America.

## Project Overview

Walla Walla University was founded in 1892 and currently serves more than 1,600 students. Currently the Men's Residence Hall on campus is in need of renovations, and on this project, volunteers will help with painting, flooring, refinishing of cabinets and replacing hardware, installing new countertops and sinks, as well as replacing windows.

The Chapel is also in need of paint, flooring, and new windows. Please consider joining us on this project!

## AIG Insurance Coverage

Maranatha mission projects are construction projects where people can get hurt. It is not possible for Maranatha to analyze everyone's insurance policy to see whether his or her insurance is current and the coverage is in effect at the location of the project. The Maranatha Board of Directors decided that the safest route was to require everyone to be covered by the insurance coverage through Maranatha's carrier. For projects taking place in North America, the cost of this is covered by the hosting organization.

All volunteers will be covered by this insurance policy from the time they depart for the project until they return home. For volunteers who have extended travel by arriving before or staying after a project, the insurance would start and end on the Maranatha project dates based on the project application.

Insurance coverage depends on location of the project and home residency of the volunteer. Both policies are primary policies that do not have a deductible. As with all insurances, exclusions apply. An insurance brochure with the policy information and list of benefits will be sent to you in the confirmation email for this project.

## Safety

Maranatha has a very high safety record on the worksite. This is, in part, because we require everyone on the construction site to wear a hard hat and gloves at all times. Please also wear appropriate safety equipment for the work tasks and wear sturdy shoes. Exercise caution while working on the construction site and be careful when working on or around ladders or scaffolding.

Maranatha requires that every volunteer have a current Tetanus vaccine (within the last 10 years).

## Registration

To register, please complete the online application at [maranatha.org](http://maranatha.org), or call to register over the phone. 75 volunteers can be accommodated on this project. Please wait for confirmation from Maranatha before making travel plans.
